EDUCATION

Chitkara University, Punjab

2024 – 2028

Bachelor of Engineering in Computer Science Engineering (AI & ML)

CGPA: 8.74/10

D.A.V Public School, Mandi Dabwali, Haryana

Class XII: 80.8%

Class X: 8.3 CGPA

TECHNICAL SKILLS

Languages: Java, Python, C/C++, SQL

Frameworks: React.js, Django, Flask, Spring Boot

Web Technologies: HTML, CSS, JavaScript, Bootstrap, REST APIs

Databases: MySQL, MongoDB, SQLite

Cloud: Microsoft Azure

Data Science: NumPy, Pandas, Matplotlib, Scikit-learn, Seaborn

Tools: Git, GitHub, Postman, Jupyter Notebook, Excel, Power BI, VS Code, IntelliJ IDEA

Concepts: DSA, OOP, DBMS, Machine Learning, EDA, Operating Systems, Computer Networks

PROJECTS

IPL Match Prediction

- Built an ML model using historical IPL datasets from Kaggle.
- Performed preprocessing, feature engineering, and exploratory data analysis.
- Technologies: Python, Pandas, Scikit-learn, Matplotlib.

Personal Finance Tracker

- Developed a full-stack finance management web application.
- Implemented authentication, CRUD operations, and financial dashboards.
- Technologies: Python, Django, HTML, CSS, MySQL, REST APIs.

Business Lead Generation Automation

- Built a Python automation tool to generate business leads from Google Maps.
- Automated extraction of contact details and exported Excel reports.
- Technologies: Python, Selenium, OpenPyXL.

CERTIFICATIONS

- Microsoft Certified: Azure Fundamentals (AZ-900)
- Microsoft Certified: Azure AI Fundamentals (AI-900)
- Microsoft Certified: Azure Data Fundamentals (DP-900)
- Microsoft Learn – Design and Manage Analytics Solutions using Power BI
- Java Programming Fundamentals – Infosys Springboard
- Data Structures & Algorithms Kick-Start – Disha
- GenAI Fundamentals – Disha
